

The Cotswolds Tourism membership card is also the attractions pass, which gives Cotswolds Tourism members free or discounted entry to our **participating** attraction members. We are very grateful to them for offering this to our members. Please familiarise yourself with the terms and conditions of use and we always recommend calling the attraction first to check none of the details or terms have changed.

Membership/attractions cards are also issued to visiting media/journalists and to Tourist Information Centre staff to allow them to visit our attractions free of charge or at reduced price, and to familiarise themselves with our wonderful attractions.

2017/18 Cotswolds Tourism membership card/attractions pass terms and conditions. (Please read carefully)

- It is up to you to contact the attraction before visiting to check any individual T&Cs. It is entirely at the discretion of the attractions who've agreed to take part in the scheme whether or not to change the way they operate – for example some attractions may not allow free entry at weekends or on bank holidays.
- The card entitles the person named on it to free entry to those attractions taking part only and you may be asked for other ID.
- Free access may be withdrawn by the attraction at any time – check before visiting.
- Attraction passes are numbered and we ask attractions taking part to report any abuse directly to us so we can follow it up with our members.
